- Version Control Systems (Git)
- Performance Optimization Techniques

## PROFILE SUMMERY

"Since 2021, I have been actively shaping my career with a focus on software development. Driven by a deep interest in **web and mobile app technologies**, I have developed skills across various programming languages and frameworks, including **PHP, Laravel, HTML, CSS, JavaScript, Vue.js, MySQL, MVC architecture, Flutter, Dart, Python, VB.NET, C#, Git, RESTful APIs and system design principles**. I prioritize clean coding practices, thorough testing, and well-designed software solutions. My ultimate goal is to gain extensive expertise in software development, cybersecurity, and artificial intelligence, aiming to become a versatile and skilled software engineer. I am adept at collaborating with cross-functional teams to drive project success through innovative solutions and have a proven ability to quickly learn and adapt to new web and software technologies."
